SUMMER 2006

SCHOOL IS OVER

May the 18th was a momentous day for the family. It was the day Melissa became a High School Graduate and Daniel became a High schooler. Since then Melissa has been accepted to Bob Jones University where she will major in Ancient History and minor in Computer Sciences.

Daniel still has four years to decide but he is leaning toward Computer Programming and other related skills. In four more years we will have double graduates, High School and College.

Now the real fun begins; each will be studying harder than they ever have before and traveling daily in two different directions. We have saved for the children's college for many years, but as you know if you have children in College, it is still going to be costly. Please pray that the Lord will help us make up the extra we will need each month.

WWW.GOITRC.ORG

Much of June and July has been spent working on the GO Web Site. We wanted the site to be more than a few pictures and sayings so the site now contains over 80 News Articles, Charts, Studies on Catholicism, Sermons, GO Prayer Letters, Histories, World Missions, the ability to order materials on line and much more. Yes, we will have some pictures too.

I have finished compiling the first wave of information and material and our web expert is now putting everything together. We are attempting to cue the Catholic Encyclopedia to

the search engine. We wanted to make the site a wealth of information which would spread the Gospel clearly for visitors.

Please pray that we will accomplish our goals of honoring the Lord giving information on Catholicism, spreading the Gospel and seeing people saved. WWW.GOITRC.ORG will be updated each month and we will inform you as to its progress. It should be ready for log on in the fall. Please pray for the \$1,000 needed to complete the web site.

FAMILY HEALTH

Update on the auto accident the children had in January. Melissa has been responding well to the treatments but has been having severe headaches as her backbone changes. Daniel is coming along more slowly and still is having trouble straightening his shoulders but with out the pain.

Mom Eberhardt is in good health, but she is becoming more forgetful every day. We are on the phone daily and I praise the Lord we are only 5 minutes away.

Dad Eberhardt is not showing any more improvement from his stroke last year. His general health is steady but rehab has not helped him with his walking or overall strength. Please pray for his condition to improve, right now it looks like we will not be able to bring him home.

A few weeks ago Daniel and I were doing some needed work in the back yard, and I am not as young as I use to be. I over did it and hurt my back again. For you who don't know, I was in an auto accident in 1990 which cracked 3

vertebras in my lower back; 18 months later I could walk again. Praise the Lord, but I still have some pain from time to time. Please pray for Melissa, Daniel, Mon and Dad.

PROJECT PROGRESS

The notes for the CATHOLICISM EXPLAINED NEW TESTAMENT are coming along well, there is still much to do but we are progressing. Many have asked to have the CENT on a CD Rom for use on the computer, and this is a good idea, however, we do not know any companies or individuals who can do this for us. Now is the time to look into this; if you have any knowledge in this area please let us know about it.

As of now we are very tight on the CENT budget having nothing to spare. If the Lord wants the computer version of the CENT (which could be very practically used around the world) we would have to raise several thousand dollars more. Please pray for the Lord to show us His will.

CATHOLIC DOCTRINE AND THE BIBLE is being edited now and we may be able to produce them at headquarters which would keep the cost down.

We have received a good testimony for print in the Spanish language, because we have just started this project we will keep you informed.

Pray that we can convert many of our videos and tapes to DVD and CD. We have received many requests for the newer formats.

SUMMER SLOW DOWN

During the summer months there is traditionally a slump in giving because of vacations and the like. This year gas prices have pinched our budgets more than usual and taken some away from Mission giving.

Since April we have had a drop off in support for our work in Kenya, East Africa. The need is only \$300 per month and we have been receiving just over \$100. We have been making up the difference ourselves from the general fund. This is creating a stain in our finances we

will not be able to continue supplementing the funds for Kenya ourselves.

Please pray with us that the Lord will supply the need. If you are already giving faithfully, thank you very much and praise the Lord for you. We are not asking you to shift your giving to another project, we are asking for the Lord to encourage new givers to rise up. Remember that circumstances should not affect our Christian life; we still live daily for Him as good stewards remaining faithful no matter what the circumstances around us.

PRAYER REQUESTS

- Melissa will be attending College in the fall, finances and for the headaches and back pain from the accident to subside.
- Daniel will be in high school this fall, and pray for his back to improve.
- Mom and Dad's health needs.
- My back to get better.
- For GOITRC.ORG to be finished and paid for
- For souls to be saved through the web site
- For projects like the CENT and CATHOLIC DOCTRINE AND THE BIBLE to be completed
- For GO Kenya
- For our mission finances
- For our headquarters missionaries who are undergoing great difficulties right now

IN CONCLUSION

We at Gospel Outreach have been very busy this summer with projects, family and our missionaries around the world. We have been dealing with shortages and problems at home and overseas. We thank you for your prayers which hold us up before the Lord and keep us going you have shouldered our burden with us. May the Lord bless you.

Because of Calvary

Frank A Eberhardt
